

## *What's Happening...*

Welcome to Lucy who moved up from the Infant & Toddler Centre at the end of April.

It's shaping up to be quite the exciting month here. We are having our first Bike day of the year on Friday May 11th. Children are encouraged to bring their own bikes, however we do have a few daycare bikes for those who are unable to bring their own.

At the end of the month we are going on a field trip to the Royal BC Museum to see their new feature exhibition: Dinosaurs: Ancient Fossils, New Discoveries.

Once again we will be participating in the Pole Painting Project. Last year we painted two telephone poles in front of the community centre (look for the handprints and flowers). This year we are hoping to do two more poles behind the center on Pembroke St. Talk to Sean if you have any great design ideas.

## *Reminders*

**SAVE THE DATE:** Our annual Graduation BBQ will be on the afternoon of Friday June 29th .

As the season is changing , please take the time to go through your child's extra clothes bag to ensure that they have two full sets of weather appropriate clothes.

As the weather gets warmer please bring a sun hat for your child to wear– due to licensing regulations we will no longer be able to provide extra daycare hats.

Don't worry about bringing in sunscreen just yet. We still have quite a bit leftover from last year which we would love to use up.
