The Fernwood Community Society is excited about its plans for creating four affordable housing suites in the Cornerstone building at Fernwood Road and Gladstone Street. The society plans to apply for a \$75,000 grant from the Regional Housing Trust Fund to help with the \$250,000 project. Roberta Martell, the society's executive director (above) and Lenore Rankin (in the centre at left) recently showed Van City Savings' Moira Hauk (right, in the photo at left) around the building. Bottom right, Martell and Rankin show their love of Fernwood. Bottom left, Martell checks out the windows.
